

Enrollment in the Virtual Jobs Site and the Course Online

Create a user account on the Microburst Learning's Virtual Job Shadow site

<http://virtualjobs.microburstlessons.com>

Once you have a user account created, login and select the cluster of interest link on the left, and then enroll into the Virtual Job Shadow. *Example: select the "Architecture & Construction" cluster link, select the "Plumber" link, select the "Plumber Virtual Job Shadow" link, and click "Enroll" into the Plumber Virtual Job Shadow.* To open the Virtual Job Shadow from this point, click the green "GO" button. Note: users will be able to enroll into the Virtual Job Shadows as they are activated online for featured careers in the cluster.

Note: you should receive a separate e-mail from a.brown@microburstlearning.com with a notification that you have been enrolled into the site and into the Virtual Job Shadow. Please do not hand out your unique login information to others. If others are interested in viewing the Virtual Job Shadow(s), please forward the web address <http://virtualjobs.microburstlessons.com> and mention that they are able to create their own login and enroll directly for the Virtual Job Shadows online.

Accessing the Course Online

The Virtual Job Shadows can be viewed from any computer that has internet access (you may need to turn off your pop up blockers and ensure that you have the latest version of the Adobe Flash Player). In order for you to view the Virtual Job Shadows, you will need to follow the instructions below:

1. Click <http://virtualjobs.microburstlessons.com> to access the website
2. Enter your login information (note: the login information is case sensitive)
3. Click the "My Courses & Information" tab at the top located in the black bar
4. Click the green "GO" button to launch the course
5. Click on the first green "GO" button to launch a lesson in the course. When the lesson is complete, exit the lesson by clicking on the "Exit" and then "Exit Now" prompts in the upper right corner of the lesson window. Please wait for the web system to bring you back to the "My Courses & Information" page before clicking out of the website.
Continue reviewing all lessons in the course

Water Flow

Have you given any thought to how water arrives in your sink - or what happens when it flows down the drain?

Below, the water flow has been broken down into basic steps. Use your mouse to drag and drop the steps into the proper order on the numbered water flow list (far right). See what you can discover about water flow and the history of plumbing.

STEPS

Flow from Sink

1st trip to Treatment Facility

2nd trip to Treatment Facility

Goes Down Drain

Lake

Building Example: Your House!

Final Cycle Step

Return to Lake
